# DEPARTMENT: PRODUCE

**The produce department is the single greatest determiner of customer loyalty. More than just showcasing fresh product, the produce area needs to have a fresh overall energy too, with plentiful displays and great range of product.**

Cayuga Displays has an extensive line of display possibilities to highlight the produce itself, as well as to cross-merchandise related products, like dried fruits, sauces and nuts. We offer great options for getting more refrigeration on your floor in order to build your customers' shopping experiences and get more product noticed.

And when you work with Cayuga Displays, you can always be confident we'll help you to select the right product and options, so that you have the food presentation that is certain to elevate your customers' experience and enhance your brand - beautifully.

*"Longos is pleased to support Cayuga Displays. Your team's quick service/turnaround for projects has helped us with our millwork for bakery and floral in past projects. More recently your team has come up with some cost effective refrigeration solutions for our bakery and produce."*
