COLLECTION

 **Cayuga** DISPLAYS

DEPARTMENT: FLORAL

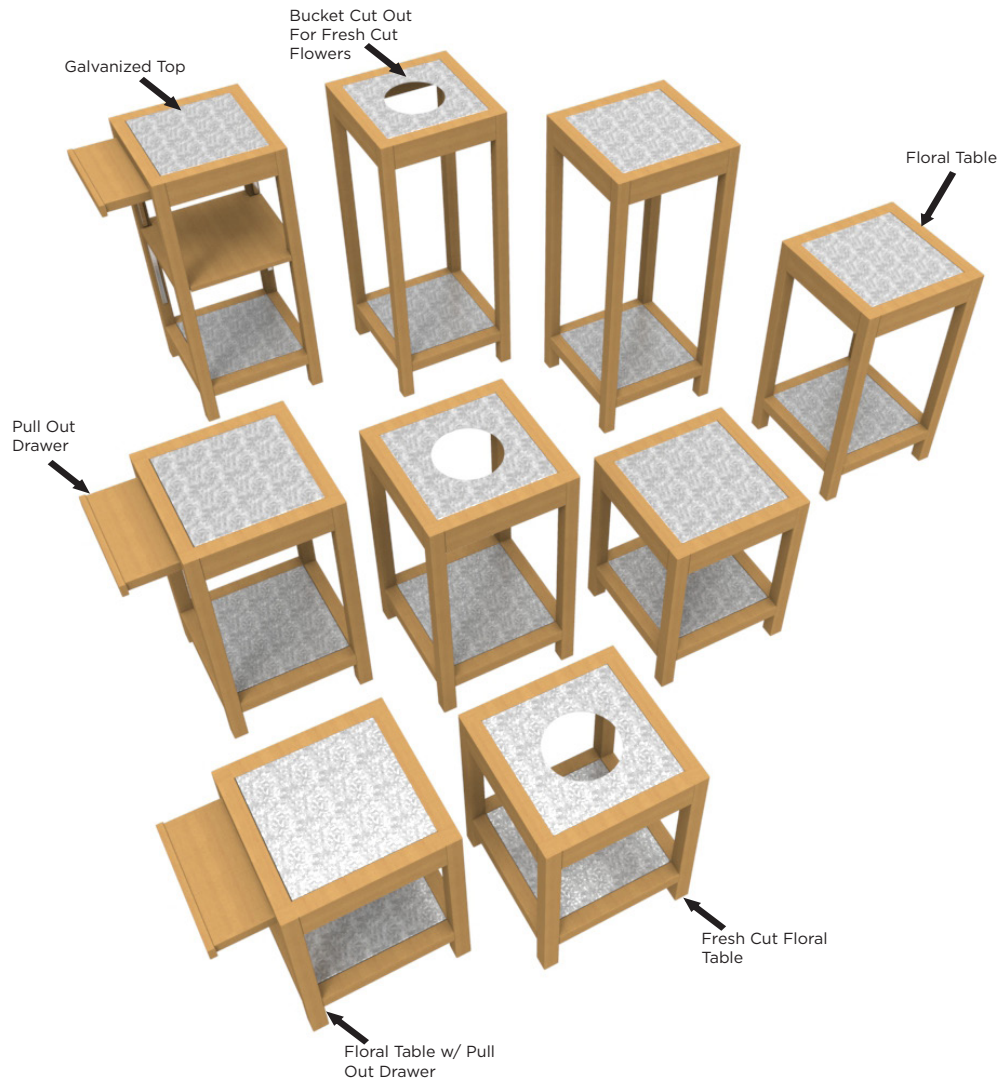

The floral department is a beautiful opportunity to enhance the fresh, vital impression of your overall store. We help you make the most of your stock, in its presentation and preservation!

The highly fluctuating nature of the floral department inventory means display units need to be versatile. We offer a number of mobile-friendly shelves, tables and cases to move easily out of the way when not needed and to blend seamlessly with the fixed components.

"I have worked with various fixture and millwork suppliers and I must say that Cayuga has provided me with the best product and service of them all."

FSY SERIES

Applications

- The FSY Series of tables are designed to be easily installed into any configuration setup
- Both upper and lower table tops are made of galvanized steel
- Tack glides
- Fresh cut tables allow merchandising of both fresh and potted flowers due to the unique design that allows the table to be converted from solid top to top with bucket cut out (galvanized top when not in use easily stores onto of lower shelf)
